Rodger, nominated for member of the Board of Public Works, is a well-known glass manufacturer, of Bellaire. Rev. C. B. CHILDREN'S DAY.

A PLEASANT OBSERVANCE OF THE ANNUAL EVENT.

Each year emphasizes the pleasure and propriety of the Children's Day observance in the churches. As is the case, when any festival or organization becomes widely recognized, there is much dispute over the origin and authors of this day. The result of this inquiry is, briefly, that the day was first generally observed by the Methodist church some fifteen years ago. Since that time its use has crept into other denominations, and it has become one of the most enjoyable of all the church's unusual days.

At the Methodist church last Sunday there was a beautiful collection of cut flowers and potted plants. The eye of the artist was in their arrangement and grouping, and a novel feature was an ingeniously arranged fountain, throwing a jet of water that sparkled into silvery spray, and fell back on itself with musical murmur. Bright faces, light dresses, and singing birds, added much to the beauty of the scene. The rite of baptism was administered to six infants. Dr. Hingel talked with his usual originality to the young folks. At night the exercises were given up to the children. Recitations and songs were given, and well appreciated. Misses Lucy Hartley and Mattie Alther recited acceptable selections.

At the Presbyterian church a full and interesting program was carried out. The church was tastefully decorated with flowers and plants, presenting a charming appearance. Recitations were given by Misses Mary Blair, Rena Ferrell and Annie Shannon. Music, in addition, formed the greater part of the program, which throughout was pleasing and entertaining.

This long anticipated K. of P. picnic at Harrisville, last Thursday, came off according to program. The day, though warm, was delightful. Knights to the number of about one hundred were present from surrounding towns, and took part in the parade. Many country people took a day off and ate dinner in the beautiful grove. Dr. Burgess, of New Athens, and Prof. C. T. Roche, Superintendent of the Columbiana schools, delivered addresses in the afternoon, both having reference to the historic features of the order. A storm coming up late in the afternoon cleared the grove, sending the visitors to town for shelter. Good music was furnished by the Mt. Pleasant band. In the evening Miss Lillian Burkhardt, an accomplished elocutionist from Pittsburgh, gave a well-attended entertainment in the School Hall. Harrisville is a town set on a hill, that can not be hid, and a day spent on her breezy heights is one not to be regretted.

On Tuesday afternoon of last week during the thunder storm, Mrs. Happy Heddlston, of near Middleburg, had a narrow escape from being instantly killed by lightning, says the *Caldwell Republican*. She was in a cherry tree picking cherries when the storm commenced. She had a large brass kettle over her head in which she was placing the fruit, when a bolt of lightning came down through the tree, and striking the kettle perforated it, and burned her very badly from shoulders to feet. She was knocked from the tree to the ground by the bolt, where her little six-year-old daughter was standing, and upon sufficiently recovering from her shock, picked the child up in her arms and went to the house without any assistance. The call was a close one; so close that all her clothing was burned from her body and the flesh burned in a frightful manner. At this writing she is improving splendidly, and is free from all danger.

The Harrison county Republicans in convention at Cadiz, on Thursday of last week nominated the following county ticket: Treasurer, N. E. Clendenin; Recorder, Thomas Arbrough; Sheriff, David Host; Commissioner, Thomas Ryder; Inferior Director, James M. Hines; Surveyor, Jacob Jarvis. In the matter of delegates to the Representative convention of the Harrison-Carroll district, Mr. Hearn, the present Representative from Harrison county received the full 23 delegates from his county. The contest for the nomination is between him and Mr. Kean, at present the Representative from Carroll county.

DAVID WARREN, under indictment for maliciously destroying growing trees, and whose illness from typhoid fever has been noted, died at the home of his sister, Mrs. Tschappat, in Bellaire, on Friday morning. On Tuesday of last week, through the kindness of Sheriff Scott, Mrs. Warren-Foster, in charge of a deputy, was allowed to visit her son. On Wednesday the mother was taken to the Penitentiary, and now death has released her son from answering to the charge of felony. He was 21 years of age.

CHARLES BERTRAM, JR., an 18-year-old Bellaire boy, was killed by a colt on Sunday and died from his injuries on Monday. Young Bertram had a colt on a farm across the river, and it was while fixing a yoke to keep the young horse from jumping, that he sustained his injuries. He is the third grown son the family has lost in a short time. He was the youngest son of Charles Bertram, Sr.

JESSE RICHARDS, a stenographer and type writer, who has been teaching these arts in Wheeling, suicided at his boarding house in that city on Saturday. Richards fired three shots at his head from an old revolver, but that not proving effectual, he took a razor and cut his throat from ear to ear. Business troubles and ill health the cause.

It is said that a new hotel is soon to be built on Twelfth street, Wheeling, by the Odd Fellows' Hall Association. It will be five stories in height, and contain sixty-eight rooms. It will be fitted up in the completest and most approved modern style, will be run on the European plan, and will cost \$25,000.

THERE is an unusually large acreage of potatoes planted this year, and the larger part of them are in good shape. Those, however, that were planted during the dry weather, are almost a complete failure.

THE Knights of Pythias on Sunday decorated the graves of their dead brothers, at Bellaire. There was a large turnout of Knights from neighboring towns.

THE FOURTH.

Preparations for the Observance of the Day in Grand Style in this Place.

The suggestions offered by THE CHRONICLE two weeks ago in regard to the observance of the Fourth of July at this place, have taken permanent effect, and St. Clairsville will celebrate the one hundred and fifteenth anniversary of our independence in a fitting manner. Acting on our suggestion several young men of this place have circulated a subscription paper, and our business men have liberally contributed. Sufficient money has been secured to insure the complete success of the project. A full programme has not yet been completed, but the observance of the day will comprise addresses by well known orators at the Court House Hall, in the forenoon, and the reading of the Declaration of Independence—these exercises to be interspersed with patriotic songs by a Glee Club.

In the afternoon sports will take place on the streets. The following programme, with prizes, has been prepared:

A brass band will be secured to enliven the afternoon festivities.

All who come with baskets will find the fair grounds a delightful retreat for eating their dinners, while those not so supplied will find the commissary department of our hotels well stocked for the occasion.

Let everybody prepare to come and celebrate the Fourth in the old-fashioned way, with speeches and sports and a picnic. A full programme will be published next week. Look out for it.

On Thursday evening of last week the marriage of Miss Mary Sharp Lewis and Mr. Robert Ross was solemnized at the home of the bride's parents, Col. and Mrs. J. M. Lewis, in Barnesville. At 8 o'clock, the strains of the wedding march from Mendelssohn the high contracting parties, unattended, took their position under two intertwined hearts of white carnations, and in the presence of 150 guests the words which joined two lives as one, were pronounced by Rev. J. L. Reed, of the Presbyterian Church, assisted by President W. K. Pendleton, of Bethany College. After congratulations the guests sat down to a tempting wedding repast, replete with many appetizing delicacies.

After some time pleasantly spent in social intercourse, the newly married pair left on the midnight train for Cleveland, where they intended taking a steamer for lake points in the far Northwest, returning by way of St. Paul and Chicago.

The happy bride was the recipient of many elegant and costly, as well as useful presents, tokens of esteem and good wishes of friends absent as well as present. The bride is the youngest daughter of Col. J. M. Lewis, was a member of the class of '87 of Ohio Wesleyan University, and possesses a wide social acquaintance. The groom is the Secretary of the Watt Mining Car Wheel Company, and is a prosperous young business man.

The young couple enter on life under very auspicious circumstances, and deserve the smiles of fortune.

On Saturday night at a festival of the colored M. E. Church, Jeff Jackson became a little too demonstrative over some modest pleasures indulged in by his companions, and to express his pent up feelings made use of considerable profanity. Constable Chalmers Hoffer, always the alert to preserve the peace of the village, remonstrated with Jackson, and to assist him in preserving the code of morals, called in Marshal Martin. Neither one nor both could calm Jackson, although both jointly declared him under arrest. Jackson continued to roam about at his own sweet pleasure, declaring that no four men could arrest him. At any rate he was not arrested. Geo. Strauder interfered in Jackson's behalf, but both were allowed to go unmolested until Monday morning, when Jackson was arrested, pleaded guilty to the charge of using profane language, and was fined \$1.00 and costs. At a hearing later he was brought over to court under \$75.00 bond, on the charge of resisting an officer. Strauder was held for Probate Court under the same bond and on the same charge.

On Monday Walter Lewis, Deputy Postmaster, relinquished his duties in the Post-office, he having secured a more lucrative position as book-keeper with the firm of Joseph Spindel & Co., wholesale grocers, of Wheeling. During the short time Mr. Lewis has been in the Post-office he has mastered the duties of the position, and retires with the good wishes of all. Henry Carroll was tendered and has accepted the deputy postmastership, and is already in the Post-office, but will not enter on his full duties until June 20, when his resignation as agent of the B. and O. will take effect. Mr. Carroll is well known to all our citizens, and will make a competent and gentlemanly official.

H. B. CLOSE, of the St. Clairsville Marble and Granite Works, contracted on Monday with Louis Cooke for a handsome Barry granite monument of the sarcophagus design, which will be placed in the Linwood Cemetery, at Blair. Mr. Close had numerous competitors, in and outside of the county, but his designs and prices, as well as the material used, were considered the best. Mr. Cooke can be congratulated on securing this reliable firm to put up his work, and he can be assured that the monument will be completed in the most skilled and workmanlike manner.

The statement that Hope Commandery, K. T., of this place, would attend the dedicatory exercises at the new Masonic building at Barnesville, is incorrect. The Commandery voted almost unanimously against going in a body.

JOHN B. LONGLEY has been appointed by the B. and O. at this place, as Henry Carroll, resigned. There were a large number of applicants.

RALPH ROSCOE, a small boy out the pike west of town, shot himself through two fingers while carelessly handling a revolver, a few days ago.

THE Northern railroad has a cozy new coach, adopted to its needs and fitted up better, perhaps, than any other coach on the C. L. and W.

On Saturday, a little before noon, the dwelling house of John Turk, about 1½ miles east of this place, burned to the ground. When discovered the fire had gained such headway that it was found impossible to save the building, and all attention was given to saving the furniture. In this, with the assistance of neighbors, they succeeded, all the household goods being removed from the building. The fire originated from a terra cotta flue, which ran from the kitchen through an upstairs room, it being supposed that sparks worked their way out through the joints. During the progress of the fire, while attempting to remove a stand of wood out of the range of the fire, George Barnes and Mrs. Isaac Shallcross were both severely stung about the head and neck. A sick child was carried out of the house and laid down within the range of the heat. Being forgotten, it suffered from a slight scorching, and requiring close medical attention to save its life. The loss on the building was about \$500, with no insurance.

The Board of Education of this place has elected George Rossiter, Superintendent in place of Walter Mitchell, resigned. Mr. Rossiter comes from Nevada, Ohio, and is highly recommended as an educator and a gentleman. The salary is placed at \$1,000. Doubtless, under Mr. Rossiter's direction, the schools will still continue to thrive. Mrs. Jessie Morton Carroll was also elected a teacher, but was not assigned to a room.

REV. SLATER BROWN, the prominent prohibitionist and fruit-grower of Cole rain made this office an agreeable call Saturday, leaving us some of the largest and best strawberries we have seen. Relative to his controversy with the Albany Nursery Company, Mr. Brown desired us to say that the Company had sent a representative to see him, and had agreed to make such arrangements as would be satisfactory to him.

MR. HARRY HOWARD and Miss Nell Frazier, prominent young society people of Barnesville, were united in marriage on Wednesday evening of last week. The bride is a daughter of Mrs. Thomas S. Frazier, and is a leader in society circles here. The groom works in the bank connected with the First National Bank for several years, and enjoys the confidence of the business community.

MISS NELLIE MILLER, while engaged in starting a fire in the cook stove, on Monday, narrowly escaped a serious accident. Coal oil was used in starting the fire, and being slow in igniting, she looked under the lid for the cause, when an explosion took place, singeing her eye-brows and eye-lashes and hair, and burning her face and hands slightly.

JOHNNY BLAZER, a little Bridgeport boy, was drowned in the back river on Sunday. He was playing on the river bank when it is supposed, the loose earth slipped, carrying him into the water. He was not missed for several hours, and when no trace of him could be found the river was dragged and his body found.

THE Young Ladies' Missionary Society of the M. E. Church will give a strawberry festival on the Court House Square on Friday evening. A cordial invitation is extended to all to come and bring their friends.

The Quartette is constantly on the road, and the fact that they are continually in demand is proof of their excellence. Tickets will be on sale at Patterson's on Wednesday, June 24, at 9 a. m. THE WEEK'S MARKET.

The warm weather seemed to have an effect on cattle market at East Liberty on Monday. There were 75 cars on sale as against 55 cars last week, but notwithstanding the less supply, the market was dull. Most of the cattle were of the poorer grades.
